From The A R P Controller Bangalore
ARP. 87/42-43 & will forward certain suggestions for approval of Govt re: the Concessions to be shown to Officials & Students on Practice Days.

The suggestions are that when the practice is between 6 A.M & 12 Noon High Schools & Colleges may begin work after 2 P.M and that officials may be permitted to attend office at 2 P.M and when the practice is between 12 Noon & 6 P.M. the officials may be exempted from attending office allotted as that Schools & Colleges may be kept in the morning. There is a Practice on the 28th inst between 6 A M & 12 Noon. Orders for Press and Cross.

Chief Secretary 20/7

Law Secretary & Secretary 20/7

I have no objection. But is it not possible to reduce the days of practice to two per month for some time?

Minister 26/7/42

Law Secretary
The days will be only two per month

A.R.P No.87/42-43 dated.....194

SIR,

ENCLOSURES.....
.....
.....

SPARE COPIES.....

I have the honour to state that, many of our A.R.P. Volunteers are Officials and Students. The day light A.R.P. practices, as you are aware, are held any time between 6 A.M. and 12 Noon or 12 Noon and 6 P.M. On such days, these Students and Officials are not available for A.R.P. work in their respective areas. It has therefore been unanimously suggested by the Divisional Wardens and Group Wardens that some facility should be given for such Officials and Students, and they suggest that, on the days when the practice is between 6 A.M. and 12 Noon, High Schools and Colleges may begin work after 2 P.M. and that Officials may be permitted to attend Office at 2 P.M.; and that on days when the practice is between 12 Noon and 6 P.M., the Officials may be exempted from attending Office altogether and that High Schools and Colleges may be held in the morning.

Forwarded with Compliments
P.H. Krishna Rao
A.R.P.
16.7.42

I recommend that these suggestions may kindly be approved and necessary Orders issued to the Director of Public Instruction, the University and the several Offices.

This

This will mean, permitting the Officials not to attend Office only for one day in the month and holding morning Classes in Schools and Colleges for one day in the month and working after 2 P.M. for another day in the month. This small concession will greatly help the organisation on practice days.

I have the honour to be,
Sir,
Your most obedient servant,

A.R.P. Controller,
Bangalore City

War Section.

Copies have been issued to all important persons. Please see the draft. Please multigraph or stencil and send copies to all Heads of Depts., so as to reach them on Monday itself

Proceedings of the Government of His ~~Highness~~
Highness the Maharaja of Mysore.

Read--

Letter No.A.R.P.87 dated 16th July 1942 from the A.R.P. Controller, Bangalore City suggesting certain facilities to be afforded to ~~officials~~ and students who ~~happen to be~~ A.R.P. ~~volunteers on practice days~~.

O R D E R No.

Dated, Bangalore,

The A.R.P. Controller reports that many of the A.R.P. volunteers are officials ~~and~~ students and that during day light practices, many of them are found not available for A.R.P. work in their respective areas as they have to attend ~~to their~~ schools ~~and~~ offices. He has accordingly suggested that on the days when the practice is between 6 A.M. and 12 noon, High Schools and Colleges may begin work after 2 P.M. and that officials may be permitted to attend office at 2 P.M, and that on days the practice is between 12 noon and 6 P.M. officials may be exempted from attending offices altogether and that High Schools and Colleges may be held in the morning.

The recommendation of the A.R.P. Controller is approved. The Director of Public Instruction, the Registrar, University of Mysore and the heads of offices

situated in Bangalore city are requested to ~~xxxx~~x to take immediate action to give effect to this order ~~with effect~~ from the 28th July 1942 on which day the practice is to be held at any time between 6 A.M. ~~xxxxxxxxxxxxx~~ and 12 noon.

Chief Secretary to Government.

Dated, Bangalore, 26th July 1942.

The A.R.P. Controller reports that many of the A.R.P. volunteers are officials or students and that during day light practices, many of them are found not available for A.R.P. work in their respective areas as they have to attend schools or offices. He has accordingly suggested that on the days when the Air Raid Practice is held between 6 A.M. and 12 noon, High Schools and Colleges may begin work after 2 P.M. and that officials who are connected with this work may be permitted to attend office at 2 P.M., and that on days the practice is between 12 noon and 6 P.M. such officials may be exempted from attending office altogether and that High Schools and Colleges may be held in the morning.

The recommendation of the A.R.P. Controller is approved. The Director of Public Instruction, the Registrar University of Mysore and the heads of offices situated in Bangalore city are requested to take immediate action to give effect to this order from the 28th July 1942 on which day the practice is to be held at any time between 6 A.M. and 12 noon.

Chief Secretary to Government.

Sir,
Your most obedient servant,

A.R.P. Controller,
Bangalore City.

KVN.

A.R.P. PRACTICE IN BANGALORE CITY HELD ON 28-7-1942.

Note by the A.R.P. Controller.

The A.R.P. Controller went round the City this morning during the A.R.P. Practice. Animals had been un-yoked from their vehicles but the drivers had not taken proper shelter. People were standing and sitting ~~over~~ in the verandahs or along the roads. Even where trenches were provided, the people were sitting on the ground above the trenches instead of taking shelter in them. In Avenue Road and Chickpet though movement of all people had ceased, the shop-keepers had kept their shops open and were sitting about in the verandahs. In the shops of Silversmiths, the glass cases had not been removed. It was only in Malleswaram that the shops were properly closed. People will have to pay a very heavy toll unless they take these practices seriously.

It is surprising that even those who ought to know better are setting a bad example. Some members of the Golf Club, it was reported, persisted in continuing their ~~play~~ game inspite of the directions of the Air Raid Wardens and a Police Officer. The Secretary of the Golf Club, it is understood, was informed of this once before but there appears to be no improvement.

A.R.P. Controller,
Bangalore City.

Sir,

I have the honour to forward herewith for the information of Government, copy of my letter addressed to the Secretary, Golf Club, Bangalore.

Subd in person

I have the honour to be,
Sir,
Your most obedient servant,

A.R.P. Controller,
Bangalore City.

Letter dated 28th July 1942, from the A.R.P. Controller, Bangalore City, to the Secretary, Golf Club, Bangalore. (No.A.R.P.18/42-43)

It has been reported to me that some members of the Golf Club persisted in continuing their game during the A.R.P. practice this morning. inspite of the directions of the Air Raid Warden and a Police Officer. I also understand that this is not the first time that it has occurred and you have also been informed of this on previous occasions. I hope that members will understand their responsibility in this matter and that there will be no need for me to take any further action.

Sir,

I have the honour to forward herewith for the information of Government, copy of my letter No. ARP.162/42-43 of even date addressed to the General Manager, Mysore Spinning & Manufacturing Co., Ltd., Bangalore together with a copy of the Press Note issued by me there-on regarding sounding of the Mill hooter yesterday.

Send for perusal

I have the honour to be,
Sir,
Your most obedient servant,

A.R.P. CONTROLLER,
Bangalore City.

KVN.

Letter No.A.R.P.162/42-43 dated 30th July 1942, from the A.R.P. Controller, Bangalore City, to the General Manager, Mysore Spinning & Manufacturing Co., Ltd., Bangalore.

I understand that the hooter installed in your Mill was sounded at about 7 P.M., yesterday and had the effect of causing panic among the general public as it was taken as an "Air Raid" signal. In this connection, your attention is drawn to Government Notification No.2251-W dated 17th April, 1942, under which no sirens (including hooters in Mills, Factories etc.) and no whistles or bells shall be sounded so as to be heard in any public place except for the purposes of an authorised Air Raid signal. The exemption granted by Government in the Notification No.2597/W dated 22nd April 1942, extends only to permitting you to blow a half minute blast on the siren once in the early morning and once at Noon. You have thus committed an offence under clause 3 of the Notification dated the 17th April 1942. This is to request you to show cause, why action should not be taken under the said clause.

COPY.

A.R.P. Controller,
Bangalore City.

OFFICE OF THE ARP CONTROLLER, BANGALORE CITY.

Dated 30th July, 1942.

No.A.R.P.162/42-43.

PRESS NOTE.

It has come to the notice of the A.R.P. Controller, that the Mysore Spinning and Manufacturing Co., sounded the hooter installed in their Mill at about 7 P.M., on the 29th July 1942. This caused panic amongst the public as it was taken for an Air Raid Signal. There was however no cause for panic if the public had clearly understood the definition of an Air Raid Warning Signal. "It is a wailing or an up and down note on the sirens or a succession of short sharp blasts on the hooter of mills and whistles continuing for two minutes" If this signal is given for practice only, this is preceeded by the Raiders Passed signal which is a steady note on the sirens or long blasts on hooters and whistles continuing for 2 minutes. It is understood from the Mill authorities that the Raiders Passed signal was alone sounded on the hooters and not the Air Raid Warning signal. Some members of the public on the other hand say that there were also sharp short blasts but they too say that these blasts were given after the long blast on the hooter. The attention of the public is therefore, again drawn to the distinction between Air Raid Warning signal and the Raiders Passed signal.

The attention of the Mill authorities is however being drawn to certain mistakes in procedure to prevent such incidents in future.

P.H.Krishna Rao,
A.R.P. Controller, Bangalore City.

A.R.P. PRACTICE HELD ON 26-9-42, BETWEEN 9-30 & 10 A.M.

PRESS NOTE.

This morning Air Raid Practice was conducted in the City and some incidents were staged in all the 3 Divisions of the City.

NORTH DIVISION:-

Incidents consisting of big fire as a result of High Explosive Bomb was staged, Some casualties and serious injuries arranged for. The fire engine and the Ambulance Van were duly sent to the spot and necessary action taken in quenching fire and rendering necessary help to the injured. Some incidents were also staged at 3 other sectors of this Division and services rendered to all those places.

CENTRAL DIVISION:-

Incidents were staged in 3 Sectors, one of them having a big fire and heavy casualties as a result of High Explosive bomb and the others with small fire and minor injuries. Services were duly arranged for.

SOUTHERN DIVISION:-

Incidents were arranged at Home School, Basavangudi and St. Theresa's Convent. High Explosive bomb burst resulting in heavy casualties. Some other serious injuries at St. Theresa's Convent and small fires and minor injuries in the Home School. Lady Wardens and Lady First-aiders took part in these exercises and did good service.

There was a good response from public in some parts of the City and extensions, but in some others, co-operation from the public was felt lacking. Motor vehicles were moving about inspite of the Wardens' appeal not to move during the air raid signal. It is hoped that all the people would co-operate to the best of their abilities in this organisation, as it is intended for their own protection.

A little delay was noticed in the arrival of Ambulance in Malleswaram and some trouble experienced with the hose pipe and its couplings. These will be rectified in future.

The lessons of practices will be discussed at the next St: Officers Meetings and necessary action taken to improve the effi ciency of the organisation.

Dear Mr. Swaminathan,

With reference to your personal enquiry regarding the A.R.P. practice on the 25th instant, I write to state that Air Raid Warning will be sounded at 8-30 A.M. and the all clear at 8-45 A.M. This period of 15 minutes refers only to the public during which period, they are expected to remain under cover. At the same time A.R.P. practices will be held for the A.R.P. personnel in the City, where a number of incidents will be staged in different parts of the City. The A.R.P. personnel will remain on duty till all the incidents are attended to and closed.

All Clear signal will be sounded after the termination of all the exercises for the information of the A.R.P. personnel when they will disband.

I trust that this will give you all the informa-

information desired.

With regards,

Yours sincerely,

KVN.

Director, Civil Defence Dept.

VISIT OF BRIGADIER REEVES, ~~ADC~~ TO THE GOVERNMENT OF INDIA TO THE BANGALORE CITY A.R.P. ORGANISATION.

Date 16th December 1942.

I. CONTROL ROOM: The Message Room may be separated from the map room to avoid any disturbance to the Controller who should be able to think out calmly the measures to tackle the damages caused by air raids. One end of the verandah in front of the Control Room may be screened off to form the map room.

Coloured lamps may be provided in the Control Room to intimate the officers the type of caution received. The lamp corresponding to the particular type of caution may be kept burning till the duration of the caution.

II. WARDENS' ORGANISATION: For the proper and efficient training of A.R.P. Wardens, there should be Class I A.R.P. Instructors. They can train Class III Instructors and arrange for the training of A.R.P. Personnel. Sufficient number of Class I Instructors may be got trained at the Calcutta or Hyderabad A.R.P. Instructors' School.

III. DEPOTS:- Telephonic communications are likely to get cut off during an air raid. Good deal of difficulty will be felt in sending out messages from the Control Room for the movement of essential services, if they are stationed at different places in the City. It is therefore desirable to locate the casualty and Rescue Services at one Depot to facilitate the despatch of an "Action Party" consisting of an Ambulance, a First Aid Party and a Rescue Party. "Action Party", which is a unit, should be despatched immediately on receipt of an "Express Message", extra services being ~~xxx~~ subsequently sent if called for.

If the local organisation considers it desirable to have 2 Depots viz., one at the A.R.P. Headquarters and the other at the G.R.S. Garrage, it is preferable to station at each of these places, both Rescue and Casualty Services, so that an "Action Party" as a unit may be sent from any of the Depots. Convenient zones of operation for each Depot may be prescribed. The City area may

may roughly be divided into 2 zones, (i) the Southern Zone and (ii) the Northern Zone, keeping Kempegowda Road as the demarcating line between the two zones. The A.R.P. Headquarters Depot can operate in the Southern Zone and the G.R.S. Depot in the Northern Zone.

IV. CASUALTY SERVICES: The dispensaries and the Maternity Homes totalling to 23 and situated in the several parts of the City, have been fixed as First Aid Posts. These appear to be sufficient. The guiding principle in fixing First Aid Posts in an area should be that the walking case should not walk more than a mile to reach a First Aid Post. As regards the equipment for First Aid Posts, Mobile First Aid Units and Mobile First Aid Parties, the equipment prescribed in A.R.P. Handbook No.1, published by the Government of India, may be followed, as the lists of equipment have been framed as a result of practical experience gained in air raids. There are only 9 Ambulance vehicles at present. In consideration of the extent and population of the City, there should be 29 Ambulances as per Government of India Schedule. Arrangements may be made to provide more Ambulance vehicles.

V. FIRE FIGHTING UNITS: The personnel of the Fire Fighting Units should be given intensive training to tackle fires caused by air raids which are quite different from ordinary fires. Services of the Fire-fighting Officer appointed in the C & M Station may be utilised for giving the necessary training. The Fire-fighting Units should also practice moving quickly in the several parts of the City during darkness and familiarise themselves with the lay out of the City as it is imperative on the Fire-fighting Unit to go to the scene of incident anyhow.

The Trailer Pumps stationed in the A.R.P. Headquarters were inspected. The deficiency in the quantity of delivery hoses required for the Fire-fighting services was brought to

to his notice. He was appraised of the indents for 6500 feet of 2½" canvas covered rubber-lined delivery hose pipes made on Government of India and was requested to kindly arrange for their early supply as great difficulty is being felt to use the available fire-fighting units in the a bsence of sufficient lengths of hose pipes. Copies of letters addressed by the Government of Mysore to the Secretary to the Hon'ble the Resident in Mysore, Bangalore in this connection was also given to him for his ready reference.

VI. RESCUE PARTIES: It will be advantageous to train the light Rescue Parties to handle the equipment of the heavy Rescue Parties as well. These light Rescue Parties may be stationed at the Depots instead of being located in different parts of the City. The light Rescue Parties will ordinarily be sent as a complement of the Action Party and they can after arrival at the scene of incident indent for heavy equipments if required to tackle the incident. More vehicles should be provided for Rescue Services.

VII. WARNING SYSTEM: The number of sirens installed in the City to warn the public appears to be sufficient. "Gable" shaped wooden covers may be provided over the sirens to increase the audibility.

VIII. DISPOSAL OF UNEXPLODED BOMBS: A few persons may be got trained at the Instructors' School at Calcutta or Hyderabad in the method of detecting the presence of unexploded bombs. As per the instructions given by the Government of India, the presence of unexploded bombs should be intimated to the Government of Madras who will arrange for their disposal in the State Area according to priority.

IX. GENERAL: For the efficient working of the A.R.P. organisation it is very necessary that officiers well trained in A.R.P. and its allied special services are put in charge of the several A.R.P. services. A thorough knowledge of the practical side of A.R.P. is essential. He therefore suggested that an Officer who is placed in charge of the administrative side of A.R.P. be deputed to the Staff College at Lahore, and one officer for the Wardens' Wing, one preferably an Engineer, for Rescue and one, a medical man, for Cas-

Casualty services to the Specialists School at Bombay and recommended that necessary vacancies in the Schools may be applied for early by the Government. During the night raid alerts, lights should be cut off immediately after the sirens starts. As it is learnt that the connection for sirens and lights are common, the period of sirening may be cut short, so that the lights may be cut off for not later than 1 minute after the siren starts.

Through: The Inspector General of Police in Mysore, Bangalore.

Sir,

A.R.P. PRACTICES DURING JANUARY 1943.

I have the honour to enclose for the information of Government, copies of letters No.A.R.P.204/43 dated 12-1-43 and No.A.R.P.272/43 dated 15-1-43, received from the Collector and A.R.P. Controller, Civil & Military Station, Bangalore, regarding the proposed A.R.P. Black-out to be held on the 20th instant from 8 to 8-15 P.M., and the A.R.P. Practice on the 27th instant from 9 to 9-15 A.M., and to state that I have replied him agreeing to the same after consulting the Law Minister. The Deputy Commissioner, Bangalore District, is also appraised of this fact.

A Press Communique issued by this office regarding the Crash Black-out and the A.R.P. Practice is enclosed for perusal. The Publicity Officer has been requested to arrange for its wide publicity by causing its publication for three consecutive days in all the local dailies

I request that a sum of Rs.100/- may be placed at my disposal immediately to enable me to meet the incidental charges in connection with the ensuing A.R.P. Practices. This amount will be adjusted by preferring bills not payable at the Treasury.

CHIEF SECRETARY

PRESS COMMUNIQUE.

A.R.P. PRACTICES DURING JANUARY 1943.

The public of Bangalore City are hereby informed that a "Crash Black-out" both in the City and Civil & Military Station will be held on the night of Wednesday the 20th instant, lasting for a period of 15 minutes from 8 P.M. to 8-15 P.M. The sirens will sound the "AIR RAID WARNING" at 8 P.M. and the "RAIDERS PASSED" at 8-15 P.M. No bright lights from houses should be allowed to fall on the streets or open spaces round the houses.

A Combined A.R.P. practice will be held on Wednesday the 27th January 1943. The warning for the public will last for 15 minutes from 9 to 9-15 A.M. The "Air Raid Warning" will be sounded at 9 A.M. and the "Raiders Passed" at 9-15 A.M., for the public. The practices for the A.R.P. personnel will continue and a "RAIDERS PASSED" Signal will finally be sounded after all the incidents staged in the several parts of the City for purposes of practice are reported by the A.R.P. personnel as closed.

The public are requested to co-operate with the A.R.P. authorities during these practices and follow the simple Air Raid precautions already intimated to them.

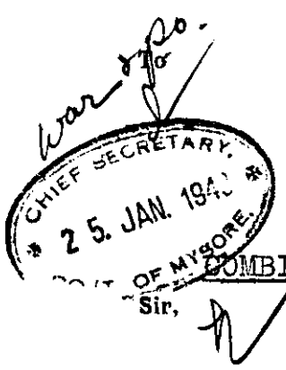
OFFICE OF
the A.R.P. Officer,
Bangalore City.

No. A.R.P.707/42-43.
Encls. One.

Date 23rd January, 1943.



The Chief Secretary to the Government of Mysore,
Bangalore.

COMBINED A.R.P. PRACTICE ON WEDNESDAY THE 27TH JANUARY 1943.

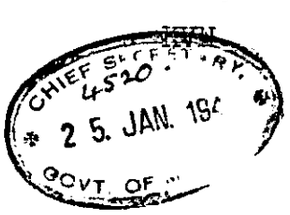
Sir,

I have the honour to state that as suggested by the Collector and A.R.P. Controller, Civil & Military Station, Bangalore, in his letter No.A.R.P.409/43 dated 22-1-1943,(Copy enclosed) arrangements have been made to alter the duration of the A.R.P. Practice alert, on the 27th instant from 9 to 9-30 A.M., instead of from 9 to 9-15 A.M., as already arranged.

The Publicity Officer has been requested to give wide publicity regarding the alteration in the duration of the practice alert through the local dailies.

I have the honour to be,
Sir,
Your most obedient servant,

A.R.P. Officer,
Bangalore City.



Letter ~~dated~~ No.A.R.P.409/43 dated 22-1-1943, from the Collector and A.R.P. Controller, Bangalore Civil & Military Station, to the A.R.P. Officer, Bangalore City.

It has been suggested to me that if the duration of A.R.P. practice alerts is limited to 15 minutes as at present, the A.R.P. Wardens do not have sufficient time to patrol their areas and effectively enforce A.R.P. instructions. Unless the wardens do this and officers move about inspecting the work, there does not seem to be much use in having practice alerts.

I therefore suggest that practice alerts of 1/2 an hour duration may be held in future. Kindly let me know whether you agree in which case the practice on the 27th January 1943 may be notified as of half an hour's duration from 0900 to 0930 hours.

X X X X

BANGALORE CITY.

5. CONTROL ROOM.- The Message Room may be separated from the Map Room to avoid any disturbance to the Controller who should be able to think out calmly the measures to tackle the damage caused by Air Raid. One end of the veranda in front of the Control Room may be screened off to form the Map Room.

Coloured lamps may be provided in the Control Room to intimate the officers the type of caution received. The lamp corresponding to the particular type of caution may be kept burning for the duration of the caution.

WARDENS' ORGANIZATION.- For the proper and efficient training of A.R.P. Wardens there should be Class I A.R.P. Instructors. They can train Class III Instructors and arrange for the training of A.R.P. personnel. Sufficient number of Class I Instructors may be trained at the Calcutta or Hyderabad A.R.P.School (Instructors').

DEPOTS.- Telephonic communications are likely to get cut off during an air raid. A good deal of difficulty will be felt in sending out messages from the Control Room for the movement of essential services, if they are stationed at different places in the City. It is, therefore, desirable to locate the Casualty and Rescue Services at one Depot to facilitate the despatch of an "Action Party" consisting of an Ambulance, a First Aid Party and a Rescue Party. "Action Party", which is a unit, should be despatched immediately on receipt of an "Express Message", extra services being subsequently sent if called for.

If the local organization considers it desirable to have 2 Depots, viz. one at the A.R.P. Headquarters and the other at the G.R.S. Garage, it is preferable to station at each of these places, both Rescue and Casualty Services, so that an "Action Party" as a unit may be sent from any of the Depots. Convenient zones of operation for each Depot may be prescribed. The City area may roughly be divided into 2 zones, (i) the Southern Zone and (ii) the Northern Zone, keeping Kempegowda Road as the demarcating line between the two Zones. The A.R.P Headquarters Depot can operate in the Southern Zone and the G.R.S. Depot in the Northern Zone.

CASUALTY SERVICES.- The dispensaries and the Maternity Home totalling to 23 and situated in the several parts of the City, have been fixed as First Aid Posts. These appear to be sufficient. The guiding principle in fixing First Aid Posts in an area should be that the walking cases should not walk more than a mile to reach a First Aid Posts. As regards the equipment for First Aid Posts, Mobile First Aid Units and Mobile First Aid Parties, the equipment prescribed in A.R.P. Handbook No.1, published by the Government of India, may be followed, as the lists of equipment have been framed as a result of practical experience gained in air raids. There are only 9 ambulance vehicles at present. In consideration of the extent and population of the City, there should be 29 ambulances as per Government of India schedule. Arrangements may be made to provide more ambulance vehicles.

FIRE FIGHTING UNITS.- The personnel of the Fire Fighting Units should be given intensive training to tackle fires caused by air raids which are quite different from ordinary fires. Services of the Fire Fighting Officer appointed in the C & M Station, may be utilised for giving the necessary training. The Fire Fighting Units should also practise moving quickly in the several parts of the City during darkness and familiarise themselves with the layout of the City as it is imperative on the Fire Fighting Unit to go to the scene of the incident anyhow.

The Trailer Pumps.....

The Trailer Pumps stationed in the A.R.P. Headquarters were inspected. The deficiency in the quantity of delivery hose required for the Fire Fighting service was brought to my notice. I was appraised of the idents for 6,500 ft. of 2½" canvas covered rubber lined delivery hose pipes made on the Government of India and was requested to kinely arrange for their early supply as great difficulty is being felt to use the available fire fighting units in the absence of sufficient lengths of hose pipe. Copies of letters addressed by the Government of Mysore to the Secretary to the Hon'ble the Resident in Mysore, Bangalore, in this connection are attached for ready reference.

RESCUE PARTIES. - It will be advantageous to train the light Rescue Parties to handle the equipment of the Heavy Rescue Parties as well. These light Rescue Parties may be stationed at the Depots instead of being located in different parts of the City. The light Rescue Parties will ordinarily be sent as a complement of the Action Party and they can after arrival at the scene of the incident indent for heavy equipment if required to tackle the incident. More vehicles should be provided for Rescue Services.

WARNING SYSTEM.- The number of sirens installed in the City to warn the public appears to be sufficient. "Gable" shaped wooden covers may be provided over the sirens to increase the audibility.

DISPOSAL OF UNEXPLODED BOMBS. - A few person may be trained at the Bombay A.R.P. School in the method of detecting the presence of unexploded bombs. As per instructions given by the Government of India, the presence of unexploded bombs should be intimated to the Government of Madras who will arrange for their disposal in the State area according to priority.

GENERAL. - For the efficient working of the A.R.P. organisation it is very necessary that officers well trained in A.R.P. and its allied special services are put in charge of the several A.R.P. Services. A thorough knowledge of the practical side of A.R.P. is essential. I therefore, suggested that an officer who is placed in charge of the administrative side of A.R.P. be deputed to the Staff College at Lahore, and one officer for the Wardens' Wing, one preferably an Engineer, for Rescue and one, a medical man, for Casualty Services to the Specialist School at Bombay and recommended that necessary vacancies in the Schools may be applied for early by the Government.

During the night raid alerts, lights should be cut off immediately after the siren starts. As it is learne that the connection for sirens and lights are common, the period of sirening may be cut short to the minimum extent, so that the lights may be cut off for not later than 1 minute after the siren starts.

X X X X

KOLAR GOLD FIELDS.

8. In the Kolar Gold Fields each of the Mines have prepared their own Schemes. I inspected one of these Schemes which I found to be most satisfactory, but the chief difficulty here is that the A.R.P. Controller who is also the Chief Inspector of Mines has no control arrangements. I suggested that this should be put in at once and that he should have some means of recording what is happening during the raids and how he can assist any area which have been raided from the non-raided areas.

W 73-42-34

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

General and Revenue Secretariat,

Bangalore, Dated, 28th January 1943.

No. 3279/W

From

The Chief Secretary to the Government of His Highness the Maharaja of Mysore.

To

The Inspector General of Police in Mysore,
Bangalore.

Sir,

I am directed to invite reference to your memo No. A.C.1802/42-43 dated 22nd December 1942 forwarding for the information of Government a copy of the report regarding the instructions issued by Brigadier Reeves, during his visit to the City A.R.P. Organisation, on the 16th December 1942, and to enquire whether action is being taken to give effect to his suggestions and instructions to the extent possible.

I have the honour to be
Sir,
Your most obedient servant,

for Chief Secretary to Government.

GOVERNMENT OF MYSORE. 2465

No.A.R.P.589/42-43. Office of the A.R.P. Officer,
Enc: Duo Bangalore City.
Dated 13th February 1943.

W 73-42-35

To

The Chief Secretary to the Government of Mysore,
Bangalore.

Through: The Inspector General of Police in Mysore,
Bangalore.

ACTION TAKEN ON THE SUGGESTIONS OF BRIGADIER REEVES, A.R.P. ADVISER TO THE GOVERNMENT OF INDIA.

Sir,

With reference to your letter No.3279/W dated 28-1-1943, addressed to the Inspector General of Police, I have the honour to enclose for the information of Government, a note detailing the action taken on the suggestions made by Brigadier Reeves, A.R.P. Adviser to the Government of India, during his visit to Bangalore in the month of December 1942.

I have the honour to be,
Sir,
Your most obedient servant,

OFFICE OF THE INSPECTOR ... OF POLICE IN MYSORE
13. FEB. 19..
BANGALORE

Ae-2486/42. M.C. Kanakasundaram
A.R.P. Officer,
Bangalore City.

Forwarded with Compliments
KVN.
Inspector-General of Police
16-2-43

ACTION TAKEN ON THE SUGGESTIONS MADE BY BRIGADIER REEVES, A.R.P. ADVISER TO THE GOVERNMENT OF INDIA.

I. CONTROL ROOM:

The separation of the map room from the Telephone room does not appear to be very necessary now as it involves heavy expenditure for the installation of extra lights, fixing up of phones etc.

Coloured lamps have been provided in the Control Room to indicate the type of caution that has been received and in force.

II. WARDENS' ORGANISATION AND TRAINING:

Intensive training is being given at present by three Class III Instructors attached to the A.R.P. Headquarters and also by the persons trained in the two Provincial Courses held at Bangalore, in the months of March and April 1942. The question of having some persons trained as Class I Instructors at Calcutta or Hyderabad may perhaps be considered after the policy regarding Civil Defence is decided.

III. DEPOTS:

Two Depots can be established, one at the G.H.S. Garrage and the other at the A.R.P. Headquarters and the available vehicles of the several services distributed between the two Depots. But this arrangement will mean some difficulty to arrange for sufficient personnel to arrange the Depots at two places. This suggestion will however be tried in a few A.R.P. practices and the advantages and disadvantages, if any, observed.

IV. CASUALTY SERVICE:

Including the 2 Municipal Ambulance Vans and one Ambulance Van spared by the Race Club, there are 9 Ambulance Vehicles for A.R.P. work. As per the standard fixed by the Government of India, there ought to be 29 vehicles for ambulance work alone. But such a large number of vehicles is not possible to secure locally and further, instructions have been received from Government in Chief Secretary's letter No.3291/W dated 29-1-1943, that the purchasing of 16 Chassis for A.R.P. work from Government of India under lease and lend arrangements may be avoided at present. Therefore the question of increasing the number of Ambulance Vehicles has to be dropped.

V. FIRE FIGHTING UNITS:

The crews for the fire-fighting units are being enrolled by the District Superintendent of Police, Provincial Reserve Police. At present, crews for 4 fire-fighting units have been enrolled. The appointment of crews for 2 more fire-fighting units is being attended to. The crews are being trained by the Fire-fighting Officers who underwent training at Bombay. Government in their letter No.3373/W dated 8-2-1943 have approved the training of the fire-fighting units by the Chief Fire-Officer, Civil & Military Station.

The receipt of 6500 feet of 2½" Canvas covered Rubber-lined delivery hose-pipes for the use of fire-fighting units is awaited. The fire-fighting units are being trained to move about in the City during night time so that they may be able to move about in the City quickly ~~during night times~~ after dark as.

VI. RESCUE PARTIES:

All the Rescue parties proposed to be organised in the City in accordance with the proposal made in my letter No. ARP 394/42-43 and approved by Govt. in their letter No. 2866/W dated 30-10-42, will be light Rescue parties, trained to handle heavy rescue equipments also. It is not possible to locate all the Rescue parties in the Depots themselves, as there are no vehicles to transport them to the scenes of incident. It is with the object of getting over this difficulty that it is proposed to station light Rescue parties at different parts of the City, to answer readily calls from the Sector Posts. If heavy equipments are required by these locally stationed rescue parties, they will be sent to them from the Depots to enable them to deal with the damages.

VII. WARNING SYSTEM:

The Superintendent, Bangalore Power & Lighting, has been addressed to forward an estimate for erecting "Gable" shaped wooden covers over the sirens to increase the audibility. After receipt of his estimate, further action will be taken, after obtaining sanction of Government to incur the expenditure.

VIII. DISPOSAL OF UNEXPLODED BOMBS:

Messrs. Quadir Ali, Assistant Superintendent of Police, Bangalore City and D.Wilson, A.R.P. Instructor, Bangalœ City, are under orders of deputation to Bombay to undergo the necessary training in the method of detecting Unexploded Bombs.

IX. Deputation of Officers for specialised training at Lahore and Bombay, may perhaps be considered after the policy regarding Civil Defence is decided.

Through: The Inspector General of Police in Mysore, Bangalore.

Sir, A.R.P. PRACTICE DURING FEBRUARY, 1943.

In continuation of this office letter of even number dated the 15th February 1943, I have the honour to enclose for the information of Government, a copy of D.O. Letter dated 15-2-43, from the A.R.P. Controller, Civil & Military Station, Bangalore, suggesting, inter alia, the holding of a Combined A.R.P. Practice on Wednesday the 24th instant between 9 and 9-30 A.M., to which I have agreed. The Deputy Commissioner, Bangalore District, has been apprised of this fact.

In this connection, I request that a sum of Rs.100/- may kindly be placed at my disposal to enable me to meet the incidental charges connected with the ensuing A.R.P. Practice, as usual. The advance of Rs.200/- asked for in my letter of even number dated 10-2-43 is not necessary as the proposed practice Air Attack on Bangalore is post-poned, as already intimated in my letter of the 15th instant.

A copy of Press Communique issued by this office in this connection is enclosed for favour of information.

I have the honour to be,
Sir,
Your most obedient servant,

No. A.C. 725/ARP/42-43.
Encls.

OFFICE OF
the A.R.P. Officer,
Bangalore City.

Date 22nd March, 1943.

To

The Chief Secretary to the Government of Mysore,
Bangalore.

Through: The Inspector General of Police in Mysore, Bangalore.

Sir,

With reference to G.O. No.3494-6/W dated 22-2-1943 according sanction for incurring an expenditure not exceeding Rs.100/- in connection with the Combined A.R.P. Practice in Bangalore on 24-2-1943, I have the honour to state that the Practice commenced on 24-2-1943 at 9 A.M. and all the essential central services viz., Fire-Fighting, Sitting Case Car Drivers, A.R.P. Vehicles and the Staff of the Central A.R.P. Organisation were kept on duty from 8 A.M. on that day till all the incidents connected with the Practices were reported as closed. No allowances are being claimed to the above staff for the days of Practices. They were therefore to be provided with light tiffin early in the morning, free tea being served by the Indian Tea Market Expansion Board.

Messrs. Cubbon Park Restaurant and Proprietor Kuppiah have supplied tiffin and have presented bills for Rs.35-4-6 and Rs.3-12-0 respectively. In all a sum of Rs.39-0-6 has been spent for tiffin and Rs.10/- for construction of huts at 2 places to arrange mock incidents.

Though the expenditure incurred is within the sanctioned limit, the expenditure being of an unusual nature, I request that sanction of Government may kindly be accorded to pay this amount out of the contingencies.
